1.1.8. Evaluation of the company's activity regarding risk management

The main risks to which the company's activity is exposed are:

The Royal Liquidity Policy is to maintain sufficient resources to meet its obligations at maturity.

The company monitors daily and in the short term the evolution of the liquidity level, the liquidity coefficient is higher than 1.

We consider that the Company's cash is sufficient to ensure the liquidity necessary to continue the activity in case of the negative impact on the cash flows caused by the COVID-19 pandemic.

Financing risk

The financing of Regal's activity is sufficiently ensured through its own sources of liquidity.

The company holds sufficient assets to guarantee liquidity and is protected from the potential risk of reducing the value of the assets.

Price risk is influenced by company costs.

In order to mitigate the effects of this risk category, all categories of costs were periodically analyzed, in order to know the deviations and take measures to comply with the planned levels.

Risk is an antonymous variable of profitability in economic activity. In the financial management of the company, the risk is structured in two groups of indicators:

A - Profit variability

B - The company's ability to meet its commitments.

The company's ability to meet its commitments to third parties (risk of bankruptcy) can be assessed by:

3.2 The dividend policy will permanently reflect the context of the economic environment and will take into account a target yield in line with market developments.

Regal SA manages the dividend distribution process, within the legal deadlines and by establishing payment methods that ensure a high degree of payment; in this sense we specify that:

(1) every year, the company announces to the shareholders, repeatedly (through Press Releases, through GMS materials), regarding the dividend payment terms; the payment action takes place during the entire financial year;

(2) through the payment methods used, we try to ensure a constant payment percentage as high as possible and to obtain the lowest possible costs for shareholders for distribution.

(3) The term for starting the payment of dividends respects the legal term, of maximum 60 days from the publication of the OGMS decisions.

Every year, the dividends related to the financial year ended are distributed together with the nondistribution dividends related to the previous 2 financial years. At the end of 3 years, in accordance with the legislative provisions regarding the extinctive prescription, the board of directors informs the shareholders annually, their registration at "other income".

The dividend policy ensures the possibility for each shareholder to adopt an investment decision regarding the inclusion of the share of SC REGALSA in the short / medium / long term holding portfolio.

Informing shareholders about the level of dividend tax

The dividend tax related to the different categories of shareholders is 5%, except for the shareholders with fiscal residence in countries with which Romania has signed agreements to avoid double taxation. From the corroboration of the provisions of the Fiscal Code with those of the conventions for the avoidance of double taxation and of the legislation of the European Union, the following are highlighted:

- "if a taxpayer is a resident of a country with which Romania has entered into an agreement to avoid double taxation, the tax rate applicable to the taxable income obtained by that taxpayer in Romania may not exceed the tax rate provided in the convention applicable to that income. Where there are different rates of taxation in national law or in double taxation conventions, more favorable rates of taxation shall apply. "

- The legislation of the European Union is applied in the relation of Romania with the member states of the European Union or of the European Free Trade Association.

The following incomes are exempt from the income tax obtained in Romania:

INDEPENDENT AUDITOR'S REPORT

To the Shareholders of, Regal SA

Opinion

- 1. We have audited the financial statements of Regal SA ("the Company"), with registered office in Galați, Strada Brăilei, nr. 17, identified by unique tax registration code RO 1647588, which comprise the balance sheet as at December 31, 2021, and the income statement for the year then ended, including a summary of significant accounting policies and notes to the financial statements.
- 2. The financial statements as at December 31, 2021 are identified as follows:
 - Net assets/Total equity:
 - Net profit for the financial year:
- 3. In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as at December 31, 2021, and its financial performance for the year then ended in accordance with Ministry of Public Finance Order no. 1802/2014 with subsequent amendments ("MoPFO 1802/2014").

Basis for Opinion

4. We conducted our audit in accordance with International Standards on Auditing (ISAs) and Law 162/2017 ("the Law"). Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code), in accordance with ethical requirements relevant for the audit of the financial statements in Romania, including the Law, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

5. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the separate and consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Deloitte.

Key audit matter	How our audit addressed the key matter
Property, plant and equipment	
Property, plant and equipment have a net book value of RON 7,272,070 at December 31, 2021, representing a significant portion of the balance sheet items.	Our procedures regarding the book value of property, plant and equipment were as follows: • we have reviewed, together with our own
Property, plant and equipment are carried at their fair value at December 31, 2021 based on the revaluations pursuant to the legal regulations issued in this respect, valuations performed, as a rule, by qualified professional valuers, members of a professional body known at national and international level.	valuation specialists, the valuation methodology and the assumptions used, the significant input used by external valuers and their professional competence and independent from Regal SA;
The business is part of the broader operations of Group Evergent Investments SA, and the Company depends on the sources of income generated by the rental agreements for the commercial spaces owned.	 we have analysed whether the valuation methods complied with the relevant valuation standards and accounting policies of Regal SA and whether they were applied consistently;
Given that the data above depends on significant judgment and estimates and given the large share of property, plant and equipment in the Company's balance sheet, the book value of property, plant and equipment has been considered a key audit matter.	• we have checked the accuracy of the input used in the revaluation report based on the rental agreements concluded by the Company at the date of the valuation report;
	• we have checked whether the changes in fair value are accurately reflected in the financial statements at December 31, 2021.

Other information – Administrators' Report

6. The Administrators are responsible for the preparation and presentation of the other information. The other information comprises the Administrators' report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and, unless otherwise explicitly mentioned in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements for the year ended December 31, 2021, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

With respect to the Administrators' report, we read it and report if this has been prepared, in all material respects, in accordance with the provisions of Ministry of Public Finance Order no. 1802/2014 with subsequent amendments, articles no. 489-492.

Deloitte.

On the sole basis of the procedures performed within the audit of the financial statements, in our opinion:

- a) the information included in the Administrators' report for the financial year for which the financial statements have been prepared is consistent, in all material respects, with the financial statements;
- b) the Administrators' report has been prepared, in all material respects, in accordance with the provisions of Ministry of Public Finance Order no. 1802/2014 with subsequent amendments, articles no. 489-492.

Moreover, based on our knowledge and understanding concerning the Company and its environment gained during the audit on the financial statements prepared as at December 31, 2021, we are required to report if we have identified a material misstatement of the Administrators' report. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

- 7. Management is responsible for the preparation and fair presentation of the financial statements in accordance with Ministry of Public Finance Order no. 1802/2014 with subsequent amendments and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.
- 8. In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.
- 9. Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

- 10. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.
- 11. As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
 - Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or
 error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is
 sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material
 misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve
 collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

Deloitte.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- 12. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
- 13. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
- 14. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.
